THE SPRING TRADE. Never before in the history of our fair young ity, has the spring trade opened out so aus iciously, with a prospect of its continuance roughout the year. Our merchants hav spent more money upon the embellishmen of their stores, and the laying in of stocks than ever before, which is the best guarante possible that it is expected that somebody will come in and buy their goods. Notwith standing the hard times and the evils which re consequent thereon, money never seemed easier to get, and when once obtained, its cir ulation among the business men is assured We say that the prospects are bright for every branch of business, and that's exactly wha we mean ; but the particular subject to which

this article is intended to refer, is THE DRY GOODS TRADE, proportions which astonish the oldest inhab tant as well as the new comer and the casu al visitor. It is sometimes a wonder to eve those best informed, where the people all goods with which these stores are filled, and equally a matter of astonishment that the clothes. Dr. Schenck's Standard Remedies.

The standard remedies for all diseases of the lungs are Schenck's Pulmonic Syrup Schenck's Sea Weed Tonic, and Schenck's Mandrake Pills, and if taken before the lungs are destroyed, a speedy cure is effected. To these three medicines, Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary diseases.

The Pulmonary Syrup ripens the morbid matter in the lungs; nature throws it off by an easy expectoration, for when the phiegm or matter is ripe a slight cough will throw it off, the patient has rest and the lungs begin to heal. To enable the pulmonic syrup to do this, Schenck's Mandrake Pills and Schenck's Sea Weed Tonic must be freely used to cleanse the stomach and liver. Schenck's Mandrake Pills act on the liver, removing all obstructions, relax the gall bladder, the bile starts freely, and the liver is soon relieved.

Schenck's Sea Weed Tonic is a gentle stimulant and alterative; the aikall of which it is composed mixes with the food and prevents souring. It assists the digestion by toning up the stomach to a healthy condition, so that the food and the Pulmonic Syrup will make good blood; then the lungs heal, and the patient will surely get well if care is taken to prevent fresh cold.
